

6 1-quart metal bottles placed in vermiculite inside a 10 in. x 10 in. x 10 in. fiberboard box. Placement is same for bottles cushioned with HAZMATPAC A-900 and Absorbent GP. **The three absorbents/cushionings could be used interchangeably in this combination packaging provided there is no incompatibility between the absorbent and the contents of the inner containers.**

Closed 10 in. x 10 in. x 10 in. combination packaging.
